EDUCATION

GET GOING

Are you 16 –24 years old and looking for a career working with horses?

Aiming to help combat the rise in unemployment amongst young adults, this innovative programme's objectives are to provide students with a nationally recognised accredited qualification in basic horse care (5 credits). This will enable them to progress further in the equine industry, put them onto the path to further learning, and help them to develop key workplace skills such as motivation, confidence and communication.
