

Becoming a Numeracy Champion

Learn to support yourself and others with their confidence and skills in numeracy without having to teach maths.

CPD
accredited

Let's talk about maths

Find out how to support adults and children to feel more confident with numbers

Join our CPD accredited programme, which gives you the knowledge and understanding you need to support yourself and others who have low confidence with numeracy.

The programme is not about teaching maths, but focuses on helping others who may feel anxious with numbers. You don't have to be a maths specialist - just a supportive person to help others get started in improving their confidence and maths skills.

This programme is suitable to those working in a primary school: teachers, teaching assistants and family liaison officers.

The programme runs across two sessions. Participants are expected to attend both sessions. The online sessions are delivered on Zoom and participants will be sent joining instructions by National Numeracy.

To sign up, please click on your preferred date below

Friday 15th and 22nd September 9:00am - 12:00pm

Monday 9th and 16th October 9:00am - 12:00pm

If you cannot attend the above dates, you can join the waiting list for future programmes by clicking here.

The programme is fully funded by the Multiply and Every Londoner Counts initiatives. If you are unable to attend after registering, it is important that you let National Numeracy know by emailing training@nationalnumeracy.org.uk as soon as possible.
